

## 'A Commitment to the Fort Myers Community'

**JBH Behavioral Health Systems, LLC** is a not-for-profit, company originally based in Louisiana. The company started in 1988 and has since grown to become one of the largest behavioral health providers in the United States.

**The Center** provides Insurance Reimbursed, Medicare certified community mental health services to the Fort Myers community.

The Administrative, Medical, and Professional Staff of The Center subscribe to the fundamental belief that all individuals have the potential for recovery.

**The Philosophy of the Center** posits that psychiatric and substance abuse disorders are treatable and recovery is possible for all individuals.

**The Center's Approach** to both psychiatric and chemical dependency health care is holistic, taking into account the physical, emotional, and social aspects of the individual.

**The Goal** of the therapeutic milieu is the patient's ultimate ability to identify, accept, and manage their own behavior.
